Vinson Hall Is Growing And Renewing!

McLean, VA – Vinson Hall Retirement Community, home since 1969 to commissioned military officers ages 62 and older and their spouses, is entering into a brand-new stage of growth and renovation. Now also open to select GS-14 and above federal employees, the community will add 75 new apartment homes over the next three years, ranging in size from 1,200 to 2,100 square feet.

Also planned for the property is a new community center, which will feature an informal grill-style bistro, a library, a multi-purpose room, classrooms and spaces for many favorite activities.

Complementing this exciting addition is the renovation of existing apartment homes, lobby, corridors and building facade. Come take a look!
